

## ITEMS OF INTEREST FROM MANY STATES

Important News Gathered from Abroad for the Benefit of Our Readers.

The loss by the fire in Monterey, Mexico, is estimated at \$1,450,000.

The cotton crop is suffering for want of rain.

Fire in the business district of Leetown, Ill., caused a loss of \$1,000,000.

Two young women and a youth were drowned by the capsizing of a skiff at Stillwater, Minn.

Henry Taylor, a former negro convict, charged with killing a white woman and her baby, after assaulting the mother, was hanged by a mob in Wilcox county, Georgia, Friday.

The balloon Peoria, with H. E. Honeywell as pilot, is the winner of the endurance race started at Peoria, Ill., Thursday. Honeywell landed in Missouri Friday, 165 miles southwest of St. Louis.

Three men were killed when a National car, driven by Charles Merz, of Indianapolis, left the track on the south turn of the Indianapolis motor speedway and crashed into a group of spectators when the 300-mile race was more than two-thirds completed.

Frank Hallam, of Jackson, Miss., shot himself through the head with a rifle while seated in front of a mirror in his room. His family believe his death was due to an accident.

Mrs. Mary Mauget, wife of a Newport, Ky., tailor, was found dead at her home. From a gash over her eye and numerous other injuries, it is supposed she was murdered. The coroner reported he could find no clew.

"Not guilty" is the verdict of the jury which tried Davis Williams, negro mess attendant of the Battleship Vermont, who caused the death of a brother sailor as the result of a boxing bout and who was tried for manslaughter.

Mrs. Mary Copley Thaw, mother of Harry K. Thaw, made public a statement criticizing the treatment accorded to her son in the Matteawan State Hospital for the Criminal Insane since his return to that institution by order of Justice Mifflin.

W. H. Oakley, paymaster of the Franklin Construction Company at Rock, W. Va., was shot to death by an unknown man and robbed of \$2,000. The alleged murderer was pursued by a posse, captured and lynched, according to a report received at Bluefield, W. Va.

The Trans-Mississippi Commercial Congress adjourned at Denver after adopting a resolution calling on Congress to define the forest reserve boundaries in such a manner as to exclude mineral and agricultural lands. Another resolution commends the work of the United States Forestry Bureau.

Shelbyville, Ky., Aug. 21.—Dr. H. D. Rodman, of this county, who has become one of the most extensive

Jersey cattle breeders in the State, has just purchased eighty head of cows, heifers and young bulls on the Isle of Jersey. They were selected by W. R. Spann, the recognized authority on points and breeding, who accompanied Dr. Rodman to the Isle of Jersey. The cattle will arrive in New York about Sept. 20th, and after the regulation quarantine period will be shipped direct to Dr. Rodman's breeding plant near Simpsonville, this county.

Beattyville, Ky., Aug. 21.—The Democrats of Lee county met here today to select delegates to attend the district convention to be held at Campion August 24 for the purpose of nominating candidates for Circuit Judge and Commonwealth's Attorney for the Twenty-third judicial district. The delegates were instructed to vote for D. B. Redwine for Judge and were uninstructed as to Commonwealth's Attorney.

Marion Bleakeley, the baby kept in an incubator during the St. Louis Exposition, and for whose possession a long and bitter fight has been waged in the courts, was stolen from her mother's home at Topeka, Kas., Saturday. The kidnappers were two men and a woman, who drove up to the house in a buggy. One of the men shot at a young man who had the child in charge and after knocking him down seized the baby and made off in the buggy.

Following a quiet morning, trouble occurred Saturday afternoon at the Pressed Steel Car Works, McKees Rocks, Pa., resulting in the injury of a woman and a State policeman. About 150 women hooted and jeered deputy sheriffs, who were at a restaurant near the plant. Then they threw stones. The State constabulary dispersed them, but not before one woman was struck on the back and another had kicked and seriously hurt an officer.

Jefferson county will have the largest school per capita which that county has ever had this year. The amount allowed for each school child will be \$1.05, which is 5 cents larger than the amount fixed as the per capita for the State. Large interest on bonds, no deficiency in pupils and large dog tax go to make the per capita in Jefferson county larger than in most of the other counties in the State. Prof. J. G. Crabbe, State Superintendent of Public Instruction, today completed the work of figuring up the amount of money that will go to many of the counties in the State under the school appropriation. The list has not been completed, only a few of the largest counties being listed. In some counties the per capita will be less than \$1, which was fixed as the per capita for the State, and in some counties, notably Jefferson, the per capita will be over \$1.00.

Danville, Ky., Aug. 19.—In a desperate battle between the Luttrell and Chapman families at Dry Ridge church over the line in Casey county, Addison Chapman and Perry Luttrell were both instantly killed by

being slashed through the heart. John Chumbley and wife, the latter being a daughter of Perry Luttrell, were horribly wounded by gunshot and knife wounds and will probably die. Details of the battle are the bitter feeling between the two families. Three of the Luttrells and two Chapmans were arrested and placed in the Liberty jail.

Glasgow, Ky., Aug. 20.—Annie Bess Neville, the 16-year-old daughter of James Neville, a prominent farmer near Cave City, this county, committed suicide today at noon by swallowing strychnine, dying in a few moments. About 10 o'clock she was sent to Cave City to make some purchases, and while there she went to a drug store and bought strychnine, which she said was to be used to kill rats. She returned home about noon and then went to a room up stairs and in about five minutes came running down screaming and fell into convulsions. She died in a few minutes without being able to speak. She had been in bad health for some time, but her mind was not thought to have been affected. She was the only child, her brother having died a few years ago.

Elkton, Ky., Aug. 20.—The famous Dickinson family reunion was held at "Lynwood Farm," the pretty home of Planter W. S. Waller, near this city. There were exactly ninety-eight persons present and the occasion was enjoyable in every respect. A bountiful dinner was spread and greatly enjoyed, while the day knit tighter the ties of kinship. A business meeting resulted in the re-election of old officers, constituted of the venerable Dr. J. S. Dickinson as president and W. S. Waller, secretary. The reunion committee for 1910 was named, to wit: W. S. Waller, W. J. Dickinson and George A. McElwain. It is interesting to note how the ages in this group vary. Dr. J. S. Dickinson and T. D. Waller, aged respectively 82 and 88, were the oldest, while a little 5-months-old girl baby of John R. Dickinson was the youngest. This was the fifth annual reunion of the large and prosperous Dickinson family and its lineal connections.

Mr. Nelson McIntosh, aged 85, who was a member of the First Regiment, U. S. Dragoons and who has been on the pension roll sixty-one years or November 4, called at this office Tuesday. Mr. McIntosh was discharged from service April 3, 1848. He would be greatly pleased to hear from some of his old comrades—Winchester Democrat.

Shepherdsville, Ky., Aug. 18.—A remarkable case of suspended animation is reported from the Knob creek neighborhood. An infant child of Mr. and Mrs. Charles Miller was pronounced dead and was placed in a coffin preparatory to burial. A violent rain storm delayed the funeral and one of the watchers, hearing a sound emanating from the little casket, discovered the child was alive. It was restored to consciousness and lived nearly two days.

Plans to establish a medical college for the Kentucky State University were discussed at Lexington between prominent physicians of both Louisville and Lexington.

Chairman Brewitt, of the Democratic State Central and Executive Committees, has issued a call for a meeting of these bodies at the Democratic barbecue in Louisville August 31st.

Redford Turpin, Deputy Circuit Court Clerk of Warren county, was fatally burned and a gasoline launch destroyed, as a result of an explosion on the launch at Massey Springs, on Green river, fourteen miles from Bowling Green.

Louisville, Ky., Aug. 20.—With the exception of a negro, who acted as a dayman to cart from the counterfeit "mint" at Harrod's creek, in this county, the bogus 100-peso Mexican notes to this city, the police have put behind the bars all those supposed to have been connected with the million-dollar counterfeit enterprise unearthed in Kentucky yesterday. John Roberts, who was in charge of the making of the dream money; Madison Roberts, John's brother, who handled the negotiable end of it; Nannie Harp, Marlon's housekeeper, and Will Koenig, who confessed to having printed the notes, were all arrested. Mrs. Harp and Koenig were released, Koenig under a \$1,500 bond and Mrs. Harp on her own recognizance. Both Roberts brothers are in quarantine under \$15,000 federal bond apiece, and John has already announced that he will plead guilty in the Federal court. The final details of the swindling plot exposed by the police and J. M. Fetter and Company, the Louisville brokers, approached by Marlon Roberts, show that the plans of the brothers con-

templated "faking" even stock certificates of railroads, such as the Louisville and Nashville, and Pennsylvania, issuing counterfeit money to pay for them and conducting an imaginary business with imitation collateral.

The cross-bound trunk with \$1,000,000 in Mexican notes is the most important in the specific cases in the Federal court.

## EXAMINATION

Of Forest Rangers Will be Held in 21 States Oct. 25 and 26.

Washington, Aug. 23.—An examination to fill vacancies in the Ranger twenty-one states and territories, including Alaska, Minnesota, Michigan and Florida, which are the most easterly states having National Forests.

This examination will be held at each Forest Supervisor's headquarters in the National Forest States and Territories, including Alaska, Minnesota, Michigan and Florida, which are the most easterly states having National Forests. While the examination is entirely along practical lines, and knowledge of field conditions rather than book learning is considered essential, the opportunities for those applicants with educational advantages are considerably increased. The rapid development of the National Forests is making continually increasing demand upon those engaged in their management, and men with ability to assume responsibility and serve in supervisory capacities are in demand. These more responsible positions on National Forests are filled by promotion from lower grades, so that anyone entering as a ranger is eligible for promotion to any of the more responsible and higher paid places, including that of Forest Supervisor.

Only those men who are at least twenty-one years of age, not more than forty, of good character, temperate, and in good physical condition, are eligible to take this examination. The salary paid to beginners is \$900 a year.

Applicants can secure information concerning the examination from the United States Civil Service Commission, Washington, D. C.; District Foresters at Missoula, Mont. (Bozeman, Idaho, Albuquerque, N. Mex., Ogden, Utah, San Francisco, Cal., and Portland, Oregon), or Forest Supervisors.

## A Check Account assists you to save by pointing out useless expenditures.

THE man who knows where every cent goes is better able to dispense with luxuries. The things that you do not need are the ones that make the expense bill high. Might it be possible to cut down in some places and save a little each month?

A CHECK account will furnish you with an accurate record of all amounts spent. It gives you a grip on expenditures because you can tell what was bought, when you got it, and from whom. This method will put you ahead.

If you don't know where you can save, a check account will tell you.
